

Redevelopment Contacts

**Pinellas
County**

ECONOMIC DEVELOPMENT
WWW.PCED.ORG/redevelopment

The location and scope of a redevelopment project are the main factors for different contacts within Pinellas County. Most of the larger cities and the county have economic and/or community development departments that should be the initial point of contact for economic development and redevelopment projects in their jurisdiction (see city/county map at www.pced.org/redevelopment). These representatives, listed below, can serve as facilitators to other agencies and departments that will need to be involved in the project.

Certain agencies are involved with countywide planning, housing, redevelopment and transportation issues and are listed at the end of this document. This contact list is intended for developer and property owners who have land development and redevelopment projects. For small business assistance, and business expansion and relocation needs, contact Pinellas County Economic Development at (727) 464-7332 or visit www.pced.org.
